

# Little Learners NURSERY GROUP

## CELEBRATING CULTURAL, RELIGIOUS AND LINGUISTIC DIVERSITY

At St Saviour's and St Mary's, it is really important to us that we share and celebrate the different languages, religions and cultures. It is so important that we value our children's home lives and experiences. We want our children to develop to be knowledgeable and accepting of all the different cultures, religions and backgrounds that they encounter in our Nursery and the wider community. This forms part of our work to focus on developing the children's knowledge and understanding of British Values, in particular the values of 'Mutual Respect' and 'Tolerance'.

As part of this we are seeking to develop the ways in which we celebrate all our children's cultures, religions and languages. We hope you might be able to help us with this. If you think your child and your family have culture, religion or languages that would be good for our other children to learn about and experience, please complete the attached form. It is important to note that although the School is a Church school, the nursery has no religious affiliation.
