

## **SOCIAL MEDIA POLICY**

**Reviewed: July 2024**

**To be reviewed: July 2025**

## **Introduction**

This policy applies to all Nursery staff regardless of their employment status. It is to be read in conjunction with the Nursery's Electronic Communications Policy. This policy does not form part of the terms and conditions of employee's employment with the Nursery and is not intended to have contractual effect. It does however set out the Nursery's current practices and required standards of conduct and all staff are required to comply with its contents. Breach of the provisions of this policy will be treated as a disciplinary offence which may result in disciplinary action up to and including summary dismissal in accordance with the Nursery's Disciplinary Policy and Procedure.

This Policy may be amended from time to time and staff will be notified of any changes no later than one month from the date those changes are intended to take effect.

## **Purpose of this Policy**

The Nursery recognises that the internet provides unique opportunities to participate in interactive discussions and share information on particular topics using a wide variety of social media, such as Facebook, Twitter, LinkedIn, blogs and Wikipedia. However, staff use of social media can pose risks to the Nursery's confidential and proprietary information, its reputation and it can jeopardise our compliance with our legal obligations.

To minimise these risks, avoid loss of productivity and to ensure that our IT resources and communications systems are used only for appropriate work related purposes, all Nursery staff are required to comply with the provisions in this policy.

### **Who is covered by this policy?**

This policy covers all individuals working at all levels and grades within the Nursery, including senior managers, officers, directors, employees, consultants, contractors, trainees, homeworkers, seconded school staff, part-time and fixed-term employees, casual and agency staff and volunteers (collectively referred to as **Staff** in this policy).

Third parties who have access to our electronic communication systems and equipment are also required to comply with this policy.

### **Scope and Purpose of this Policy**

This policy deals with the use of all forms of social media including Facebook, LinkedIn, Twitter, Wikipedia, all other social networking sites, and all other internet postings, including blogs.

***It applies to the use of social media for both work and personal purposes, whether during work hours or otherwise. The policy applies regardless of whether the social media is accessed using our IT facilities and equipment or equipment belonging to members of staff.***

Breach of this policy may result in disciplinary action up to and including dismissal.

Disciplinary action may be taken regardless of whether the breach is committed during working hours and regardless of whether the Nursery 's equipment or facilities are used for the purpose of committing the breach. Any member of staff suspected of committing a breach of this policy will be required to cooperate with our investigation, which may involve handing over relevant passwords and login details.

Staff may be required to remove internet postings which are deemed to constitute a breach of this policy. Failure to comply with such a request may in itself result in disciplinary action.

### **Personnel responsible for implementing the policy**

The Board of Directors have overall responsibility for the effective operation of this policy, but have delegated day-to-day responsibility for its operation to the Nursery Principal.

Responsibility for monitoring and reviewing the operation of this policy and making recommendations for change to minimise risks also lies with the Nursery Principal in liaison with the IT Manager.

All senior Nursery Staff have a specific responsibility for operating within the boundaries of this policy, ensuring that all staff understand the standards of behaviour expected of them and taking action when behaviour falls below its requirements.

All Nursery Staff are responsible for the success of this policy and should ensure that they take the time to read and understand it. Any misuse of social media should be reported to the Executive Leader in the first instance. Questions regarding the content or application of this policy should be directed by email to the Nursery Executive Leader on [cherry.boyce@genesistrust.net](mailto:cherry.boyce@genesistrust.net)

### **Compliance with related policies and agreements**

Social media should never be used in a way that breaches any of our other policies. If an internet post would breach any of our policies in another forum, it will also breach them in an online forum. For example, employees are prohibited from using social media to:

- a) Breach our Electronic information and communications systems policy;

- b) Breach our obligations with respect to the rules of relevant regulatory bodies;
- c) Breach any obligations they may have relating to confidentiality;
- d) Breach our Disciplinary Rules;
- e) defame or disparage the Nursery , its Staff, its pupils or parents, its affiliates, partners, suppliers, vendors or other stakeholders;
- f) Harass or bully other Staff in any way or breach our Anti-harassment and bullying policy;
- g) Unlawfully discriminate against other Staff or third parties or breach our Equal opportunities policy;
- h) Breach our Data protection policy (for example, never disclose personal information about a colleague online);
- i) Breach any other laws or ethical standards (for example, never use social media in a false or misleading way, such as by claiming to be someone other than yourself or by making misleading statements).

Staff should never provide references for other individuals on social or professional networking sites, as such references, positive and negative, can be attributed to the Nursery and create legal liability for both the author of the reference and the organisation.

Staff who breach any of the above policies will be subject to disciplinary action up to and including termination of employment.

### **Personal use of social media**

Personal use of social media is never permitted during working time or by means of our computers, networks and other IT resources and communications systems.

Staff should not use a work email address to sign up to any social media and any personal social media page should not make reference to their employment with the Nursery.

Staff must not take photos or posts from social media that belong to the Nursery for their own personal use.

### **Monitoring**

The contents of our IT resources and communications systems are the Nursery's property. Therefore, staff should have no expectation of privacy in any message, files, data, document, facsimile, telephone conversation, social media post conversation or message, or any other kind of information or communications transmitted to, received or printed from, or stored or recorded on our electronic information and communications systems.

The Nursery reserves the right to monitor, intercept and review, without further notice, staff activities using our IT resources and communications systems, including but not limited to social media postings and activities, to ensure that our rules are being complied with and for legitimate business purposes and you consent to such monitoring by your acknowledgement of this policy and your use of such resources and systems. This might include, without limitation, the monitoring, interception, accessing, recording, disclosing, inspecting, reviewing, retrieving and printing of transactions, messages, communications, postings, log-ins, recordings and other uses of the systems as well as keystroke capturing and other network monitoring technologies.

The Nursery may store copies of such data or communications for a period of time after they are created, and may delete such copies from time to time without notice.

All Staff are advised not to use our IT resources and communications systems for any matter that he or she wishes to be kept private or confidential from the Nursery.

### **Educational or Extra Curricular Use of Social Media**

If your duties require you to speak on behalf of the Nursery in a social media environment, you must follow the protocol outlined below.

The Principal may require you to undergo training before you use social media on behalf of the Nursery and impose certain requirements and restrictions with regard to your activities.

Likewise, if you are contacted for comments about the Nursery for publication anywhere, including in any social media outlet, you must direct the inquiry to the Nursery Principal and must not respond without advanced written approval.

### **Recruitment**

The Nursery may use internet searches to perform pre employment checks on candidates in the course of recruitment. Where the Nursery does this, it will act in accordance with its data protection and equal opportunities obligations.

### **Responsible use of social media**

The following sections of the policy provide staff with common-sense guidelines and recommendations for using social media responsibly and safely.

## **Protecting our business reputation**

Staff must not post disparaging or defamatory statements about:

- i. The Nursery;
- ii. Current, past or prospective Staff as defined in this policy
- iii. Current, past or prospective pupils
- iv. Parents, carers or families of (iii)
- v. The Nurseries suppliers and services providers; and
- vi. Other affiliates and stakeholders.

Staff should also avoid social media communications that might be misconstrued in a way that could damage the Nursery's reputation, even indirectly.

If Staff are using social media they should make it clear in any social media postings that they are speaking on their own behalf. Staff should write in the first person and use a personal rather than Nursery email address when communicating via social media.

Staff are personally responsible for what they communicate in social media. Staff should remember that what they publish might be available to be read by the masses (including the Nursery itself, future employers and social acquaintances) for a long time. Staff should keep this in mind before they post content.

If Staff disclose whether directly or indirectly their affiliation to the Nursery as a member of Staff whether past, current or prospective, they must also state that their views do not represent those of the Nursery.

Staff must ensure that their profile and any content posted are consistent with the professional image they are required to present to colleagues, pupils and parents.

Staff must avoid posting comments about confidential or sensitive Nursery related topics. Even if Staff make it clear that their views on such topics do not represent those of the Nursery, such comments could still damage the Nursery 's reputation and incur potential liability.

If a member of Staff is uncertain or concerned about the appropriateness of any statement or posting, he or she should refrain from making the communication until he or she has discussed it with his Line Manager or Head of Department.

If a member of Staff sees content in social media that disparages or reflects poorly on the Nursery, its Staff, pupils, parents, service providers or stakeholders, he or she is required to report this in the first instance to the Nursery Principal without unreasonable delay. All staff are responsible for protecting the Nurseries reputation.

### **Respecting intellectual property and confidential information**

Staff should not do anything to jeopardise Nursery confidential information and intellectual property through the use of social media.

In addition, Staff should avoid misappropriating or infringing the intellectual property of other Nurseries, organisations, companies and individuals, which can create liability for the Nursery , as well as the individual author.

Staff must not use the Nurseries logos, brand names, slogans or other trademarks, or post any of our confidential or proprietary information without express prior written permission from the Principal.

To protect yourself and the Nursery against liability for copyright infringement, where appropriate, reference sources of particular information you post or upload and cite them accurately. If you have any questions about whether a particular post or upload might violate anyone's copyright or trademark, ask the Nursery Principal in the first instance before making the communication.

Respecting colleagues, pupils, parents, clients, service providers and stakeholders

Staff must not post anything that their colleagues, the Nurseries past, current or prospective pupils, parents, service providers or stakeholders may find offensive, including discriminatory comments, insults or obscenity.

Staff must not post anything related to colleagues, the Nurseries past, current or prospective pupils, parents, service providers or stakeholders without their advanced written permission.

### **Monitoring and review of this policy**

The executive Leader or in her absence Managers has responsibility for ensuring that any person who may be involved with administration or investigations carried out under this policy receives regular and appropriate training to assist them with these duties.

If Staff have any questions about this policy or suggestions for additions that they would like to be considered on review, they may do so by speaking to the Principal in the first instance.
